

**SBI Baffle Insulation Kit, Osburn 1600, 21291, PL34047, Set of 4**

2501C Replaces: Two Osburn 21291 C-Cast baffles and two Osburn PL34047 baffle insulation blankets. Also replaces 6x 29020 baffle refractory bricks in older 1600 models.

Fits: All Osburn 1600 series stoves and inserts (OB01600, OB01601, OB01605, OB01610, OB01613, OB01615, OB01635). For older models that have 6 refractory bricks, the center brick support must be removed before installing baffles.

Size: Two 13-1/2" x 10" x 1-1/4" boards and two 13-1/2" x 10-1/2" x 1" blankets

Materials: Ceramic board and ceramic fiber alternative blanket. Board is hard, strong, withstands 2100F, and is rigidized grey for added durability. Blanket is soft, flexible & withstands 2100F. Material replaces C-Cast, Vermiculite, and all ceramic fiber

**Health and Safety Warning:**

Ceramic fiber products are suspected of causing cancer by inhalation. All ceramic fiber products have a hazard communication warning label and a prop 65 warning for airborne fiber inhalation. You should minimize exposure to airborne fibers. When handling ceramic fiber we recommend using particulate respirator mask (N95), protective gloves, safety glasses and long sleeve clothing. For complete safety information consult the SDS sheet. <https://www.lynnmfg.com/documentation/>

**Application, Installation and Use Warning:**

In applications including; boilers, furnaces, wood stoves, wood inserts, fireplaces, heating devices, and other appliances, parts must be used consistently with original equipment manufacturers specifications, design, function and operation.

Improper installation or use of this product could result in a fire, smoke inhalation or carbon monoxide poisoning. Products should be installed by a licensed and certified technician in compliance with all national, state and local codes. Products should be inspected annually by a licensed and certified technician for wear, brittleness, cracking or crumbling, and replaced as necessary. Lynn Manufacturing, Inc. recommends installers certified by NFI, CSIA or NORA.

Never work on a piece of equipment or touch the fibrous product when it is hot, as the product may show no visible signs of heat from glowing or smoking.

Lynn Manufacturing, Inc offers hundreds of products with many applications. Determining whether the product is a fit for the particular purpose and suitable for an application is the sole responsibility of the purchaser/installer.

In no event shall Lynn Manufacturing, Inc be liable for any damages to property or life arising from or connected with the use of this product.
